- Auto Assist 4WD
- 60" Rear Discharge Deck or out front Flail mower
- LCD Digital Display
- 20km/h max speed

Kubota

COMPACT TRACTOR

KUBOTA BX231 SUB COMPACT TRACTOR FOR HIRE

The BX231 subcompact tractor range is ideal for all your jobs: mowing, front loader use. A trailblazer in the design of compact mower tractors, Kubota combines the performance of a tractor with the precision and flexibility of a mower. Extremely easy to use, its ergonomics have been carefully designed to provide comfort for the operator.

Technical Specifications

- 23hp diesel engine
- Hydrostatic High-Low Gear shift
- 4WD
- Rear and Mid PTO
- Hydrostatic Power Steering

KUBOTA B2261 COMPACT TRACTOR FOR HIRE

The B2261 compact tractor takes compact tractor capability to the next level with user-friendly operation and outstanding productivity. Equipped with high quality Kubota engines and transmissions, they deliver the extra durability and reliability you demand for a wide range of jobs.

Technical Specifications

- 26hp diesel engine
- Hydrstatic transmission
- 4wd, Bi-speed turn
- Differential lock
- 970kg link capacity
- Hydraulic power steering

Kubota

COMPACT TRACTOR

KUBOTA ST341 COMPACT TRACTOR FOR HIRE

Easy to operate and exceptionally reliable, the lightweight and compact ST series are amazingly quick and impressively powerful, delivering outstanding efficiency with minimal surface impact. From mowing to implement work or front loader work these tractors make light work of any task thanks to a high torque, low noise Kubota diesel engine and an independent mid and rear PTO.

Technical Specifications

- 33hp diesel engine
- Hydrostatic High-Low Gear shift
- 4WD
- Rear and Mid PTO
- Hydrostatic Power Steering

KUBOTA L1501 COMPACT TRACTOR FOR HIRE- AVAILABLE ON TURF TYRES

The compact, high power L1501 utility tractor is an everyday workhorse, easy to use and designed to optimise your productivity with a superb specification. Ideal for demanding work and conditions the L501 is powered by Kubota's powerful, reliable and economic 50hp E-TVCS engine. Designed for maximum productivity, the L1501 features four-wheel drive and hydrostatic power steering as standard, a 3-point hitch with high capacity hydraulics for powerful lifting ability plus a choice of transmission options –fully synchronized (FST) or Hydrostatic (HST) for optimal performance and control.

Technical Specifications

- 48L fuel tank
- Hydrostatic power steering
- 4/turbocharged cylinder

BAILEY DROPSIDE DS4 TRAILER FOR HIRE

Dropside trailers are compact, versatile trailers designed for carrying materials such as sand, gravel, green waste and manure.

Technical Specifications

- LED lights
- Independent hydraulic brakes
- Chromed rams
- Dropsides
- High hinged tail door
- Parking brake

KUBOTA B1700 COMPACT TRACTOR FOR HIRE

Utterly dependable, versatile and powerful. 17HP. 3 cylinder liquid cooled Kubota engine.

Technical Specifications

- Rear PTO Standard UK PTO
- 3 point Linkage
- One Auxilliary spool valves to the rear.

Kubota

RTV

KUBOTA RTV-X1110 ORANGE FOR HIRE

Kubota RTV-x1110 has a Kubota 3-cylinder liquid cooled ETVCS diesel engine. Thanks to its unique drive train arrangement, the RTV-X1110 goes where other utility vehicles can't. Kubota's innovative VHT-X variable hydrostatic transmission and dynamic engine braking makes the RTV-X1110 one of the safest utility vehicles on the market. With its rapid acceleration and gripping traction, the RTV-X1110 can stop and resume climbing without the need for braking. Ergonomically designed for effortless operation and optimum driver and passenger comfort

Technical Specifications

- Deluxe split-bench seats
- Digital easy-read instrument panel
- Under seat storage with full ROPS protection designed for easy access to a hydraulic cargo tipping bed.

KUBOTA RTV 500 FOR HIRE

The Kubota RTV 500 is a petrol powered utility vehicle. Tough, strong and adaptable. The RTV 500 is ideal for grounds maintenance professionals, farmers and landowners who need to get around to carry out their work. Robust and ultra-compact utility vehicle has a 16HP 2-cylinder watercooled Kubota petrol engine with electronic injection for maximum power and flexibility for work or leisure use.

Technical Specifications

- 4WD
- 15.8HP
- Kubota Liquid- cooled EFI Petrol Engine
- Variable Hydro Transmission
- Comfortable Operator Area

BARONESS LM2400 MIDWEIGHT FAIRWAY MOWER FOR HIRE

A light weight five unit fairway mower that embodies all the qualities that Baroness products are best known for quality of cut, durability, low whole life service costs and long service life. 5-Unit fairway mower 26" comes with ROPS and rear roller brush kit.

Technical Specifications

- Working width: 318cm
- D1105-T Kubota engine
- 4WD
- Lightweight (1300kg)
- Hydrostatic transmission

BARONESS LM315 CYLINDER MOWER FOR HIRE

Building on tried and tested technology, the Baroneess LM315 Greensmower gives you all the advantages of a hybrid drive mower, with the reliability of mechanical drive to the cutting units, a choice of reel speeds and the best cutting units in the business, with the added benefit of a reliable Kubota diesel engine. 11 Blade triplex greensmower.

Technical Specifications

- Cutting width: 152cm
- D722-E4B Kubota engine
- Hydrostatic 2WD, 3WD option
- Cutting width: 152cm
- Hydraulically power assisted
- Height of Cut Range: 2mm - 29mm

Quality on Demand

BARONESS GM2810 5-DECK ROTARY MOWER FOR HIRE

The Baroness GM2810 five-deck rotary mower is a powerful and flexible machine, designed to deliver a high work-rate, superb quality of cut and supreme manoeverability on the most demanding of terrain. The 2.8 metre mowing width enables a high work rate, combined with a minimum turning rate of just 3.2 metres.

Technical Specifications

- Traction Assist Mechanism
- Tier 4 clean engine emission regulation compliant
- 2-pass radiator system
- Kubota V2403-CR-TE4b engine

BARONESS LM331 MOWER FOR HIRE

The simple design allows the LM331 to hug all contours and undulations around the bunkers and surround areas on the golf course while creating a healthy cut and beautiful after cut appearance.

Technical Specifications

- Grass box - with handles gives the end-user easier grip and disposal of grass clippings and debris.
- 25L fuel tank (diesel)
- The drive can be switched between 2WD and 3WD

BARONESS LM56 CYLINDER MOWER FOR HIRE

Among the lightest in their class, solidly built, highly manoeuvrable and constructed to a quality standard second to none. Baroness walk behind cylinder mowers are built to provide the highest quality finish on all fine turf areas. Golf Greens and Tees, Bowling Greens, Tennis Courts and Cricket Pitches. Completely gear driven, Baroness mowers are easier to maintain and more durable than mowers with other drive systems such as belts or chains.

Technical Specifications

- All- gear drive
- Front roller
- Bi-directional front grooming reel
- All attachments are bi-directional

SPEARHEAD TRIDENT 500 FLAIL MOWER FOR HIRE

The Spearhead Trident flail mower is designed for light-duty amenity mowing and gives a high-quality finish in material up to 20mm. It excels in parkland, golf course, orchard and topping applications and is the perfect choice for use with compact tractors. It comes with mini pilot controls, Rear LED lights, parking chocks, hydraulic transport lock & 3 belts on pulleys.

Technical Specifications

- Hydraulic folding
- Rear rollers
- Trailed
- Electric wing disengage clutches
- Electric control valve
- Turf tyres

AVAILABLE WITH OR WITHOUT TRACTOR

SPEARHEAD TRIDENT 400 FLAIL MOWER FOR HIRE

The Spearhead Trident flail mower is designed for light-duty amenity mowing and gives a high-quality finish in material up to 20mm. It excels in parkland, golf course, orchard and topping applications and is the perfect choice for use with compact tractors. This versatile machine features fine cut flails on constant suction double spiral rotors.

AVAILABLE WITH OR WITHOUT TRACTOR

Technical Specifications

- 4.37M Cutting width
- Twisted or long scoop flail
- Trailed with multi-positional drawbar
- Front and rear mount
- Hydraulic folding
- Rear rollers
- Trailed
- Electric wing disengage clutches
- Turf tyres

SPEARHEAD ROLLCUT 500 MOWER FOR HIRE

The Spearhead Rollicut triple gang mower is designed for light-duty amenity mowing and gives a high-quality finish in material up to 20mm. It excels in parkland, golf course, orchard and topping applications and is the perfect choice for mounting on compact tractors.

Self-tensioning belt drive gives reliable power transmission and with 168mm full width fine adjustment front and rear rollers, heavily baffled deck design and rear rubber flap, will ensure a fine mulch cut and well distributed finish.

Technical Specifications

- Axle suspension
- LED lighting
- Self tensioning belt drive
- Three blade rotor
- Hydraulic transport lock & 3 blades per rotor

AVAILABLE WITH OR WITHOUT TRACTOR

SPEARHEAD ROLLCUT 230 MOWER FOR HIRE

The Spearhead Rollicut inline mower is designed for light-duty amenity mowing and gives a high-quality finish in material up to 20mm. It excels in parkland, golf course, orchard and topping applications and is the perfect choice for mounting on compact tractors.

Self-tensioning belt drive gives reliable power transmission and with 168mm full width fine adjustment front and rear rollers, heavily baffled deck design and rear rubber flap, will ensure a fine mulch cut and well distributed finish.

Technical Specifications

- 2.30M Cutting width
- 12 Blades
- Fine cut, high lift

AVAILABLE WITH OR WITHOUT TRACTOR

GROUND CARE | MACHINERY HIRE

SPEARHEAD SNIPER 190 FLAIL MOWER 1.9M FOR HIRE

The Sniper flail mower is designed for agricultural and municipal use giving a high quality and consistent cut in material up to 40mm. It is the perfect choice for maintenance of farmland and pasture areas.

This robust machine features heavy duty hammer flails fitted on an electronically balanced rotor mounted on enclosed, self-aligning bearings. Belt drive gives reliable power transmission and a 140mm full width adjustable, self-cleaning rear roller with scraper will ensure a quality cut and well distributed finish.

Technical Specifications

- Rear roller scraper
- 140mm full width rear roller
- Cutting width: 1.90M

AVAILABLE WITH OR WITHOUT TRACTOR

WIEDENMANN TERRA SPIKE GXI 8 HD DEEP AERATOR FOR HIRE

The GXi8 is Britain's favourite deep spiker. With a working width of 1.8 m and working depth of 250 mm, it is smooth fast and very efficient way of dealing with compaction, leaving the best quality finish.

The compact mounting is suitable for tractors from 15 kW (20 HP) and allows large area coverage with simultaneously impressive work quality.

Technical Specifications

- Working width: 1.8M
- Two scales and three cranks ensure easy setting of working depth and heave angle
- Advanced Tine Control

AVAILABLE WITH OR WITHOUT TRACTOR

WIEDENMANN SUPER 500 FOR HIRE

The SUPER 500 all-in-one machines are among the most versatile across the industry. Compact, robust and year-round heroes, they are ideally suited to estates, parks, sportsgrounds and golf courses. Whether sweeping leaves, collecting cuttings, scarifying or flail mowing, they are exceptionally nimble and thorough. The container lifts via a parallelogram system with a floating head to a height of 2.1 m while rotating the hopper to completely discharge collected material. Class leading H&S credentials means suited to all terrains including undulations.

Technical Specifications

- Working width 1.6M
- Infinitely variable high dump height up to 2.1M
- Hopper capacity - Super 500 approx 2500L
- Low pressure tyres ensures no footprint

AVAILABLE WITH OR WITHOUT TRACTOR

WIEDENMANN BATWING TERRA RAKE 460 FOR HIRE

Sturdily built, the Terra Rake is meant for heavy duty use. The parallelogram-shaped Terra Rake has a robust steel frame containing closely arranged rows of long verticutting tines. These steel tines are self-vibrating and probe inquisitively. Arranged in four rows just 20 mm apart the tines are designed not to clog but are close enough together to offer a very thorough and rigorous action on the ground.

Technical Specifications

- 4 rows of tines for obstruction-free dethatching
- Highly effective at speeds up to 15km/hr
- Ideal for uneven surfaces

AVAILABLE WITH OR WITHOUT TRACTOR

VREDO SEEDER COMPACT 214 FOR HIRE

Equipped with the Vredo-Double-Disc-System. Every machine is equipped with a compaction roller, that closes the slit and endures good contact between seed and soil. Water and nutrients have thereby easy access to the seed, this guarantees a quick germination and deep rooting of the injected seed.

Technical Specifications

- Disc spacing - 75mm
- Working width - 1.35m
- 100L hopper capacity
- 4 different widths available to suit tractor overlap

AVAILABLE WITH OR WITHOUT TRACTOR

DAKOTA 410 TURF TENDER TOWED FOR HIRE

The Dakota 410 is specially designed for the fast transportation & application of top dressing. It will handle both wet and dry materials, allowing light to heavy dressing. It features accurate and easy to operate calibration system. Ideal for use on golf courses and sports fields. The 410 features Ultra Trac turf tyres, A-Frame hitch with adjustable height and dual spinner discharge sytem. Can be used to fill bunkers or drainage runs with optional accessories.

Technical Specifications

- Spreading width of between 3.5m-13m dependant on oil flow
- Hydraulic rear door shut off
- 15cm hopper extension available

AVAILABLE WITH OR WITHOUT TRACTOR

CAMPEY TB220 TOWED BRUSH SYSTEM FOR HIRE

The TB 220 is a heavy-duty, but light weight, towed brush system for brushing in top-dressing on greens and other fine turf surfaces. The brush unit is freefloating, and has the option to lock-out either the front or rear brush as required.

Other features include, 7 quick and accurate brush height adjustments, quick attachment, adjustable hitch height, sealed chain guards & integrated vertical storage facility.

Technical Specifications

- 1.3M working width
- Brush Diameter: 37.5cm
- Adjustable hitch height

AVAILABLE WITH OR WITHOUT TRACTOR

IMANTS ROOT PRUNER FOR HIRE

The Imants RootPruner prunes roots up to 100mm in diameter with no clean up. It can prevent root encroachment under vital areas, eliminating loss of valuable water and nutrients and prevent surface damage. It also has the ability to decompact tight, narrow areas with ease. Includes unique patented triple-reduction planetary gearbox, for smooth, maximum torque drive to rotor shaft. The RootPruner also features a factory set, torque limiting PTO shaft eliminating all shear bolts & spring clutches.

Technical Specifications

- Working width: 0.60m
- Working depth: 250mm
- Transport width: 0.90m
- 6 blades

AVAILABLE WITH OR WITHOUT TRACTOR

GROUND CARE | MACHINERY HIRE

AIR 2G2 FOR HIRE

The Air2G2 is an easy to operate, self-propelled machine proudly made in the USA. The Air2G2 uses three probes to laterally inject pressurised air up to 12-inches beneath the surface of the soil to fracture the compacted layers that form as a result of foot traffic, mechanical traffic and nature's daily wear and tear.

Technical Specifications

- Working width: 180cm
- Fuel tank capacity: 19ltrs
- Kohler 19HP Petrol engine
- Working depth: 7" (17.5cms) or 12" (30cms) – standard tines
6" (15.25cms) or 9" (23cms) – optional tines

ELIET SUPER PROF CROSS COUNTRY MAX SHREDDER (TRACKED) FOR HIRE

Otherwise hard-to-reach places such as railway banks, woods, plantations and vineyards now become accessible for the Super Prof Cross Country. Despite the impressive set of tracks, the weight of the Cross Country is still quite limited. As a result the ground pressure is very low, which means that the caterpillar tracked shredder can also be used on a lawn without any risk of doing damage.

Technical Specifications

- The blow chute has a discharge height of 2 m - 8ft and a rotation span of 300°
- The blow-out level of the Super Prof is at 2 m - 8 ft
- Caterpillar tracks
- Infeed opening

COMPACT TRACTOR IMPLEMENTS FOR HIRE

- COMPACT 1.2 ROTARY MOWER
- COMPACT 1.2M POWER HARROW
- COMPACT 1.2 DOWDESWELL ROTAVATOR
- COMPACT POST HOLE BORER
- COMPACT 1 FURROW PLOUGH
- COMPACT 1.2 FLAIL MOWER

LAWN SCARIFIER 50CM WIDE FOR HIRE

The Lawn Scarifier cuts through turf, removing moss and dead grass. With a 25mm cutting height, ergonomically designed handle and 500mm working width, it's the perfect machine to aerate and revive even the most tired and spongiest of lawns.

Technical Specifications

- Work size: 50cm
- Fuel: Petrol
- Start: Pull (recoil)
